Have we got a boat for you! We're inviting you to join us as we take the ultimate dive adventure to Raja Ampat.

The M/V Samambaia had her maiden voyage on Nov 8, 2015. She is the newest 2 mast wooden Phinisi schooner to sail some of the most gorgeous diving areas of Indonesia.

On board the M/V Samambaia, the 18 - 22 experienced, professional and friendly crew are always on hand, in order to help to create the unforgettable journey. Guests are catered to with delicious and varied international cuisine prepared every day with locally sourced ingredients by their chef, and their galley includes fresh ice-cream and daily baked bread and pastries. Enjoy divemaster/guide to customer ratio of 4 to 1.

For relaxation guests can choose the shaded sundeck and soak in the spectacular Indonesian views in their comfortable loungers, or enjoy a relaxing massage from the on board masseuse. Divers not only enjoy spectacular day and night diving, but a range of activities during the surface intervals like scenic rides through lagoons and coves, trekking, visits to secluded beaches and whale watching.
