

# LITTLE CAYMAN 2020

## NC Coastal Life's Winter Dive Trip

Starting at Only  
**\$1995**

## Little Cayman Beach Resort - Jan 4 - 11, 2020

The Cayman Islands! Mike and Nikki will be leaving winter behind and jumping down to the Caribbean to lead you to some of the best diving in the entire Caribbean.

Little Cayman is located only 80 miles northeast of Grand Cayman, yet it feels worlds away. Nowhere in the Cayman Islands can you find a better dive destination that's also a romantic getaway.

Cayman Islands diving is mostly current-free, which is optimal for new divers, divers who want to move at their own pace, and underwater photographers who may want to spend their entire dive at one location, waiting for the perfect shot.

Bloody Bay Wall is the highlighted diving area. The vertical drop-off is teeming with colorful reef fish including a variety of angelfish, parrotfish, anthias and surgeonfish. Within the nooks and crannies of the wall find moray eels, lobsters and crabs as well as squirrelfish and blennies. You are also likely to encounter large Nassau grouper which like to roam the walls. Looking out into the blue, you might spot Caribbean reef sharks, sea turtles and the occasional blacktip reef shark.
